

**MATERIAL HANDLING SOLUTIONS**  
Providing turnkey storage and material handling

**COMPLETE DESIGN-BUILD SOLUTIONS**

# LAIDIG IS MORE THAN STEEL

**LAIDIG SPECIALIZES** in providing material-handling solutions for hard-to-handle materials. Decades of experience around the world has made Laidig the leading expert in bulk material storage and reclamation. Laidig is confident in handling heavy minerals, cement, ethanol ddgs, soybean meal, recycled waste, wood chips, sawdust, wood fibers, rendered meals, grains, feed, and more.

## ENGINEERING & TESTING

Laidig engineers cutting-edge solutions to handle a range of difficult materials, with customized systems developed for each application. Laidig's material testing facility analyzes material characteristics to ensure successful system operation.

## MANUFACTURING SERVICES

Located in Mishawaka, Indiana, Laidig's 100,000 SF manufacturing facility is fully equipped with advanced fabrication equipment. All systems are pre-assembled and tested prior to shipment to guarantee trouble-free installation and startup.

## PROJECT MANAGEMENT

Our project management team organizes and thoroughly documents Laidig's large, complex projects. Committed to meeting every project deadline, they maintain effective communication with engineering, construction and operation teams.

## CONSTRUCTION SERVICES

Laidig's construction teams provide the highest level of service while maintaining strict safety standards. In addition to reclaim systems and silos, Laidig can construct all associated equipment such as conveyors, platforms, towers, elevators, and more.

**ENGINEERING, MANUFACTURING, TESTING,  
PROJECT MANAGEMENT, CONSTRUCTION...**

**LAIDIG IS YOUR SOLUTION**

# TURNKEY SOLUTIONS IN VARIOUS INDUSTRIES

## BIOMASS FACILITIES

## MINING & MINERAL OPERATIONS

## PORT FACILITIES

## POWER GENERATION AND ALTERNATIVE FUELS

## WORLDWIDE SUCCESS

Laidig has pioneered material-handling solutions since 1961, developing the expertise required to provide the very best systems available. Laidig provides integrated, turnkey systems that offer reliability, safety, and efficiency. With thousands of systems in operation worldwide, Laidig has become a trusted material-handling partner in a wide range of industries.

## WITH LAIDIG YOU GET MORE THAN STEEL

### The Laidig Guarantee

If we design and install your material handling system, we guarantee it will work.

## LAIDIG PROVIDES COMPLETE SOLUTIONS

- Planning
- Design
- Engineering
- Fabrication
- Retrofitting
- Construction
- Commissioning
- Training
- Safety programs
